

International Mission Trip: BAHAMAS 2019

Dates: June 15-21

Cost: \$625 per person (adult cost \$400)

Where: Nassau, Bahamas

Are you ready for a trip that will change your life?!?

In 2019 we will head back to Nassau, Bahamas to reconnect with Carmichael Evangelical Church and pastor Wilny. During our week in the Bahamas we will work alongside the church to love, care, and support a Haitian immigrant community in Nassau. Many Haitians are illegal and have sacrificed everything in order to live in the

Bahamas. **“This isn’t like any other trip you have ever been**

on.” You will be stretched to do uncomfortable things. You will be asked to lead and invest deeply in the lives of children and families.

The trip is organized through Praying Pelicans, who is a mission organization that helps to create sustainable missions through connecting with churches and existing

NGO’s. **“What are your needs? How do you want to see us**

help?” Are the first questions their team asks when entering a community. They are about building long lasting relationships with the country and cities. A Praying Pelicans staff member will be with our team throughout the trip, and will act as a liaison between our team, the church, and community. Students will have an opportunity to lead vacation bible school for community children, assist with area construction projects, supply food to needy families, participate in worship, and have a multi-lingual & multi-cultural prayer time with individual’s community members, etc...

“If you are open to God using you in tiring and uncomfortable ways...if you are ready for a challenge and to see your gifts and skills used, this is the trip for you!”

More details to come, including a student and parent meeting for all students who are interested in this trip. Upcoming team trainings to be scheduled
